THE POLICY

Rain Insurance

Whereas the Insured has submitted a written Application to the Company and has paid to the Company the Premium, Stamp Duty and Observer's Fees, the Company agrees that, if, during the Period of Insurance, the rainfall at the Address, as per the Rain Gauge reading, amounts to, or exceeds, the measurement stated in the Application, then the Company will pay to the Insured the Sum Insured.

Important

Although we have written to the Official Observer asking him/her to take a reading of the Rain Gauge and to certify the rainfall reading, it is essential that you confirm our letter has been received by the Official Observer and the reading will be taken.
