

We believe...

P&C Federation Strategic Plan 2018-2021

... our members are vital to promoting and supporting public education

Our vision is for vibrant and inclusive public school communities

Our mission is to empower P&C Associations and to promote and enhance public education in NSW

We will leverage the strength of the P&C community to retain and build on our thriving organisation

... collaborative partnerships contribute to creating a thriving school community

... supporting member services empowers Associations to create opportunities for parents to engage in their children's education

Member Services

P&C Federation will provide services that are valued by our members by catering for their current and future needs. This will entail the development of new services and the improvement of existing services.

Our focus over the next 3 years:

- Enhancing **member services** to maximise opportunities for our members
- Building capacity to become a **Voice with Value** through direct advocacy and partnership
- Embedding **collaboration and effective communication** between P&C Associations
- Embedding strong governance, **operational effectiveness and financial resilience**
- Utilising **technology** to enable the Federation and our members to work smarter
- Ensuring our **financial sustainability**
- Building on our **position, profile and presence** in NSW and nationally through effective communication
- **Remaining agile and responsive** to new opportunities

Advocacy and Partnerships

P&C Federation will become a "Voice with Value" that advocates proactively for our members and public education in NSW. This will be optimised by the development and maintenance of values-aligned partnerships and alliances.

... leading by example will inspire effective and healthy P&C Associations

... it is our role to advocate on behalf of the school community for a quality public education system

Sustainability

P&C Federation will enhance our organisational structure, financial position and decision-making through the development of stable and robust governance, including effective Board operations, strong leadership and meaningful partnerships.

Our core principles are:

- Empower and engage members
- Professionalism, effective communication and continuing professional development
- Commitment to the purpose of the organisation
- Respect for processes, each other and our members

... sustainability of P&C Associations is vital to creating enduring value and achieving our vision and mission
