### P&C Canteen Info

School canteens can consider reopening from 11 May, but they will need to have steps in place to ensure they operate in line with COVID-19 regulations. Please refer to the list of links below for advice on how food businesses can in a safe manner.

For information more specific to school canteens, we suggest consulting with your School Principal for any advice from the NSW Department of Education. As School Principals are the site manager of schools, you will also need to liaise with them about exactly how and when your canteen reopens.
